ODIES OF WHITES PROTECTED NEGROES

Clash Between Races In Mississippi.

TAL DEATH LIST IS TWELVE

istrict Attorney Makes Statement In Which He Says that the Trouble Was Caused by a Lot of Hoodlums and Outlaws.

New Orleans, Dec. 28.—That white men with their own bodies protected innocent negroes and that every effort is making by the whites to punish those "hoodlums" of their own race who were responsible for the Christmas riots in Kemper county, Mississippi, was the information in detailed account arriving here early Thursday direct from the little towns which were the scenes of the bloodshed.

The dispatches say a conference has been held by civil and military authorities at which evidence was produced that will establish the identity of five white men of good families of the county who took part in the lynchings.

It is claimed that these men also had attempted to shoot Deputy Sheriff Alexander.

District Attorney Currie has made a statement in which he says:

"If it is found upon investigation that the trouble was caused by a lot of hoodlums and outlaws who openly violated all laws of God and man, and decency, they will be prosecuted to the extent of the law. I am informed that the houses burned were occupied by negroes who were not even in sympathy with any of those who were connected with the outrages. These men will be captured if it is in the power of the state of Mississippi to do so, and they will be made to answer for their violation of the law of the land."

The dispatches say the total death list is probably 12, that the mob element among the whites has mostly fled toward the Alabama state line, while negroes in terror gathered at Scooba and Wahalak to place themselves under the protection of troops or of citizens. The killing of a negro named Malvin Nihcolson is referred to as "one of the most brutal which has occurred since the days of reconstruction." Nicholson was a negro of the best class, unusually well to do. While a posse was in search of a negro named Simpson who had killed a deputy, they entered Nicholson's house and several persons began shooting at him. Deputy Sheriff Alexander and two others rushed to the negro, shielding him with their bodies. They protected him until overpowered, after which he was shot and his house burned.

District Attorney Currie says he has fixed the blame for this murder upon three men and will arrest them if they are still in the state.

Governor Vardaman arrived shortly after midnight Wednesday night. He was accompanied by Adjutant General Bridge and the Jackson military company. After conferring with Colonel Sam McCants, district attorney J. H. Currie and others, the governor announced that it had been determined that three companies of the troops stationed here will return to their homes, leaving the situation to be taken care of by the remaining command. The men left for their homes before 7 o'clock Thursday morning.

Governor Vardaman said he did not think there was any danger of further trouble whatever the feeling against negroes in Kemper. He referred to the wounding of Conductor Cooper "by a lot of drunken negroes" as an atrocious crime; that the whole trouble will be thoroughly investigated today and that he will then "have more to say."

STATE MEETING ON JAN. 2.

Georgia Division, S. C. A., Will Assemble in Capitol.

Atlanta, Dec. 28—The annual state convention of the Georgia division, Southern Cotton Association, will be held in Atlanta in the hall of the house of representatives on Wednesday, Jan. 2, and a full attendance is urged and expected from all sections of the state.

The county organizations have already held their meetings and named delegates to the state convention.

At this convention officers of the state division will be chosen, and three new members of the executive committee of the association will be named. The new executive committee will meet at Birmingham, Ala., on Jan. 16 preparatory to the annual meeting of the Southern Cotton Association on Jan. 17-19 at that city.

President M. L. Johnson, of the Georgia division, urges a full attendance on the state convention, not only of delegates, but of all others who are interested in the important work of the association is doing and its success.

"The farmers of Georgia and the south have got to work together, if they ever hope to get a living price for their cotton," President Johnson said. "There is absolutely no profit in this crop to the growers at 10 cents. It needs only to take into consideration the cost of labor, mules and supplies to demonstrate the truth of this assertion. It actually cost us an average of 10 cents to make the crop. We ought to have had at least 12½ cents for this crop: It is worth every cent of it. By strong and determined organization we can and will get it another time."

DOES NOT KNOW WHO SHOT HIM

Sterling Sanford Gives the Police No Clew on Which to Work.

Thomasville, Ga., Dec. 28.—The shooting of young Sterling Stanford on lower Jefferson street, continues to be shrouded in the deepest mystery and, though almost at the point of death, the young man continues to stoutly maintain that he does not know who fired the shot. His physician, Dr. Daniels, announced yesterday that his patient had developed pneumonia and was in a critical condition. His chances of recovery are only fair.

Officers of the city police force have made every effort to discover who did the shooting, but up to a late hour they had been unable to hit upon any clew that would lead to the identity of the man or men who were involved in the case. Sheriff Hight stated that he had been stalled in his investigation at the very outset by reason of the fact that members of Mr. Sanford's family would not allow him to see the young man. He said he called at the home and requested that he be allowed to see Sterling and have a talk with him, hoping that he would give some clew upon which to work.

Members of the family told the sheriff that the physicians had given strict orders to the effect that they allow no one, not even officers or immediate friends to see the young man. It was at first thought the wound was not serious.

EQUIPMENTS COST $23,000,000

Will Make Standing Army Nineteen Divisions, Six More than Before Russian War—Toga May Visit the United States.

Victoria, B. C., Dec. 28.—According to advices brought here by the steamer Tosu Maru, the military section of the Japanese governors intends to increase the army until the standing force number 19 divisions, 6 more than before the war with Russia.

The program also calls for increases in naval equipments by an expenditure of $23,000,000 over last year. It has also been agreed that $100,000 be appropriated in installment as special expenditure for new ships and restoration of the present fleet and armaments to an efficient state.

It is undecided as yet whether Admiral Togo will be in command of the squadron that will visit the United States next summer.

35 ROBBERIES CHARGED TO HIM

Negro is Also Wanted in Mississippi For Assaulting White Woman.

Louisville, Ky., Dec. 28.—Charles Rosenfield, a negro, aged 13 years, said to be a Mississippi criminal, was arrested by detectives here.

Rosenfield is charged with perpetrating 35 robberies and housebreakings in various parts of Mississippi. He was sent to prison at Jackson last July to serve an indeterminate sentence and six days later made his escape.

He was recognized through information from the Mississippi authorities.

The negro Rosenfield is said also to be wanted on the charge of assaulting a white woman immediately after escaping from prison. The authorities at Jackson fear that if the negro is taken back to the scene of the crime there will be mob violence and it is probable that if he is taken there the militia will be asked to protect the negro.

THEY PLAYED WITH A PISTOL.

Martin Green is Killed in Thomas County, Georgia.

Thomasville, Ga., Dec. 28—As the result of a shooting, which occurred near Williams' still, at the home of a Mr. Lucas, Martin Green, the son of James Green, a well known farmer of near Hatten, is dead, and Chas. Hughes declares that it was entirely accidental. His statement of the case is to the effect that he and Martin were in a playful humor at the time and he was poking a pistol at him in fun, when it was accidentally discharged, the ball lodging in the left breast near the heart.

Another version of the affair is similar to that of Mr. Hughes, in that the latter was punching young Green in the stomach with the pistol in a playful manner, but that after awhile Green told him to desist, and Hughes would not do so. It is stated that Green then caught the pistol and attempted to wrench it from Hughes' hand. Hughes told him to turn it loose, and, it is alleged, he added that if he did not turn it loose he would shoot him, and that he made good his threat.

Hughes was arrested immediately by the authorities, near there and lodged in the jail here.

MADAME GOULD TO PAY.

For Gems—Count Boni's Ex-Wife Is Liable in Two Suits.

Paris, Dec. 28.—The three remaining suits brought by creditors with the obect of making Madame Gould (formerly Countess de Castellane) jointly responsible with the count for certain claims, have been decided.

The court found that she was in no way responsible for the claims of M. Ziegler, one of the largest creditors who claimed that it had been the practice of the Castellanes ever since their marriage to appeal to him to extricate them from financial difficulties, but held her jointly liable for jewels valued at $24,000 purchased from Mlle. Vera Nimidoff, of Odessa, who sold the jewels to Count Boni through the intermediary of a jewelry.

The court also found that Madame Gould was jointly liable for the sum of about $57,000, the balance due to the Hartogs for a jewelry bill amounting to about $137,000, provided the bill was not paid. Three experts were appointed to appraise the value of the jewelry.

A. C. L. OFFICIALS TO COME BACK HERE

Territory Divided, and Men Return to Gainesville.

SERVICE NOT SATISFACTORY

Too Much Work Required of Those in Executive Service, and a New Division Was Created—All Clerks and Officers Will Return.

While it has not yet been officially announced, it is understood that there is to be considerable change in the management of the Atlantic Coast Line. In fact it is certainly here, since all the old force, which was sent to Jacksonville a week ago, has been ordered to report here for duty at once, and they are all here again.

A few days ago, succeeding A. L. Glass, L. C. Spencer, at that time superintendent of terminals at Jacksonville, was appointed superintendent of the Gainesville district of the Atlantic Coast Line. Mr. Spencer immediately took charge and proceeded to move his headquarters to Jacksonville, where he said it would be more convenient; but the Atlantic Coast Line, which has been cramped in its capacity, saw fit to make a new division or district, which was wise and proper, according to popular sentiment, and sub-divided the State, creating a new district.

The Gainesville district, as it has always been known, will again have headquarters here, and the chief clerk and all attaches arrived here Thursday, and will occupy the same rooms that they left a few days ago.

H. O. McArthur is the new superintendent of the Gainesville district. Mr. Spencer has been transferred to be superintendent of terminals at Jacksonville and the J. & S.-W. division of the Atlantic Coast Line, with headquarters at Jacksonville. It is virtually the same position he originally held, with the exception that he has the additional burden to carry of the Jacksonville and Southwestern division.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A DELIGHTFUL RECEPTION.

Many Ladies Had the Pleasure of Meeting Mrs. Frank H. Chase.

One of the leading society functions of the season was the reception tendered at the home of Mr. and Mrs. C. W. Chase, East Main street N., Friday afternoon, which was given in honor of Mrs. Frank H. Chase of New Haven, Conn., who is spending the winter here.

While this function was rather of an informal nature, having been tendered in a casual way in order to afford Mrs. Chase an opportunity to meet the people of Gainesville, it was nevertheless a brilliant affair, and one sparkling with good will. Many ladies of the city were present by invitation, and had the pleasure of an introduction to the lady.

The home was decorated for the occasion with holly and Christmas bells, which were artistically arranged.

Mrs. Tom F. McBeath and Mrs. W. M. Dale met the guests at the door, while in the receiving line in the parlor were Mesdames C. W. Chase, Frank H. Chase, Cadawalder and Pringle.

Presiding at the punch bowl were Misses Bettie Miller, Bessie King, Lois Haile and Ida Burkhim, and right gracefully did they perform their duty. The chocolate table was presided over by Mesdames B. F. Hampton and E. E. Cannon, while the refreshment table was in charge of Mesdames Clarence B. Strouse and W. R. Thomas. Refreshments were passed by Misses Mary and Nell DaCosta and Mae Hale, who were becomingly attired appropriate to the occasion. Mesdames W. L. Hill and H. L. Phifer assisted in entertaining during the afternoon.

In all, this entertainment was one of a most enjoyable nature, and Mrs. Chase retained the excellent reputation she has always enjoyed as a hostess.

AN ENJOYABLE AFFAIR.

Mrs. A. A. Taylor Entertained at Rocky Point in Honor of Relatives.

There was an enjoyable entertainment at the home of Mrs. A. A. Taylor, Rocky Point, on Thursday night, the occasion having been given in honor of Dr. and Mrs. Massey of Alabama. Mrs. Massey, who is a sister of Mrs. Taylor, will be more familiarly known here as Miss Julia Barton.

The handsome home of Mrs. Taylor was appropriately decorated for the occasion. There were evergreens, Japanese lanterns and decorations, and in fact everything pretty and in keeping.

The party, or reception, as it might be termed, was planned and carried out to suit everybody, and of all ages. The "grown folks" were entertained in the sitting-room in an appropriate manner, the young folks were given the parlor, while the dining-room was devoted to the pastimes of the little people.

There were delicious refreshments served, and the evening passed in a most enjoyable manner. Those present were delighted to renew friendship with Dr. and Mrs. Massey, and are under obligations to Mrs. Taylor for the evening's pleasure.

A SAD DEATH.

The funeral services were held in the Congregational church at 10 o'clock, on December 25, conducted by Rev. Townsend, after which the remains were laid to rest beside her mother in the Interlachen cemetery.

Messrs. Chas. Spaulding, Benj Stock, Roy Gano, Fred Steele and Roy Garman acted as pall-bearers.

Misses Isabelle Downing, Erma Wylie, May Redding, Hattie Fraser, Stella Downing and Clarine Fraser were honorary pall-bearers.

Many warm friends extend their heartfelt sympathy to the bereaved family.

Episcopal Xmas Tree.

Quite a crowd assembled at Holy Trinity Episcopal Church Friday afternoon to attend the Christmas service, which comprised a regular carol service, with an address by the rector, Rev. Francis H. Craighill, followed by a Christmas tree.

At the conclusion of the interesting service, during which Dr. Craighill delivered a short but most impressive address, the tree was illuminated, and all present were remembered. It was one of the most successful Christmas entertainments the church has ever held, and was enjoyed by the large crowd present.

FRIDAY'S BARBECUE A BIG SUCCESS

People Were Attracted Here From All Sections of the County.

MANY SPEECHES WERE MADE

Dr. J. F. McKinstry, Jr., Presided at the Meeting—Dr. Strouse and Others Told of the Advantages to be Derived From a Stock Show.

Friday was a big day in Gainesville. The barbecue and entertainment which had been planned for the purpose of discussing the organization of an association for the display of the stock of the county annually, attracted quite a number of people from every section of the county.

There was quite a crowd present, and considerably more than a hundred were fed from out of the city. The dinner was nicely prepared under the direction of Joseph Shannon, and consisted of barbecued beef, pork, etc., and sweet potatoes, as well as other things which go to make up a good dinner.

Dr. J. F. McKinstry, Jr., presided at the meeting, which was held in connection with the dinner. Dr. McKinstry explained the object of the meeting, after which talks were made by Dr. C. B. Stroose, Prof. Clothier of the University of Florida, Tax Assessor W. W. Colson, and others.

While no definite action was taken at this time, it was decided to form a county association for the purpose of holding an annual stock show, and those interested will call a meeting at a later date.

All who attended this barbecue were enthusiastic as regards the organization, and so expressed themselves, but an enterprise of the magnitude anticipated will require some time to perfect.

FLORIDA FEMALE COLLEGE.

Will Reopen January 2—Ample Accommodation for All Students.

Tallahassee, Dec. 28.—Since the destruction by fire of West Hall on last Sunday morning, President Murphree, of the Florida Female College, has received numerous messages from the students who are home for the Christmas holidays asking if the loss of this building will interfere with the prompt opening of the College on next Wednesday morning. Mr. Murphree states most emphatically that the loss of West Hall will in no way interfere with the regular session, which will be resumed on the morning of January 2.

The conflagration, it is believed, was caused by a defective furnace, as there was no other way for the fire to start, all the buildings being heated by steam and lighted with electricity. It was not discovered until it had made good headway, but the largest blaze was in the vicinity of the furnace room. Very few students roomed in West Hall, for the reason that at least half of it had been converted into studios for the music department, the painting and drawing classes, the domestic science laboratory and the domestic art room. Ample accommodation has been provided in the neighborhood of the campus for the young ladies of West Hall whose quarters were destroyed. The greatest difficulty was in finding suitable accommodation for the several studios. This, however, has been arranged by Mr. Murphree and, save for a little temporary inconvenience, all branches of work in the College will be resumed next week.

What's

Worth doing is worth doing well. If you wish to be cured of rheumatism use Ballard's Snow Liniment and you will be "well cured." A positive cure for sprains, neuralgia, bruises, contracted muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by W. M. Johnson.

Deputy Kills His Man.

THE STICKLEBACK.

After Winning a Fight His Colors Take on Brighter Hues.

Most courtly and gallant of fish is the three spined stickleback, the beloved "tiddler" of British youth. These little fish derive their name from the sharp spines with which they are armed and which they can raise or depress at will.

The female stickleback is the model wife of a model husband. She does not leave her eggs to chance, but establishes a nest or nursery for their reception, over which her irritated little husband keeps a jealous guard.

Woe betide the rival "tiddler" who rashly approaches too closely the domicile of his neighbor during the breeding season. With all his spines fixed for action the warlike parent steams out to offer him battle.

The contest that ensues is desperate, the combatants darting at each other with lightning rapidity, biting and striking at each other with their spines, a well directed cut from which weapon of offense will often rip up the body of the adversary, sending him to the bottom.

But most remarkable of all is the decoration which nature bestows upon the victor. The brilliant green of his mail becomes tinged with gold, while his red throat blushes to a deeper hue than ever.

On the other hand, his vanquished assailant, should he be fortunate enough to escape with his life from the battle, loses his brilliant and martial uniform of red, green and gold and retires to some obscure corner of his native pond, attired in a humble civilian uniform of sober and sorrowful gray.—Dundee Advertiser.

Threatened by Black Hand.

New York, Dec. 28.—Announcement has been made that Dr. Markar G. Dadirrian, a well known Armenian physician and manufacturer, is being guarded by the police as the result of a "black hand" plot. The physician, it is said, has recently received two letters threatening him with death if he failed to pay $10,000 to the writers and the police decided to guard his residence in the suburb of Harlem, night and day.

Penned in and Cremated.

Birmingham, Ala., Dec. 28.—The city prison at Jacksonville, in Calhoun county, was burned and Richard Walker, the only inmate, cremated. Walker was arrested for beating his brother and his wife, whom he ran from home. It is not known whether Walker's enemies set fire to the jail or not, as the man was in the throes of death when help arrived. It was impossible to save the building.

Japanese Flock to the Border.

El Paso, Tex., Dec. 28.—Japanese are flocking to the Rio Grande border, attempting to get into the United States. Most of them are said to have been discharged from the Japanese army. Yesterday there were 54 refused admission here. Later a number were smuggled over at Ft. Hancock, Tex., but today they were captured by immigration officials who are patrolling the entire border.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

Russian Official Found Dead.

Liverpool, England, Dec. 28—The Russian consul here Colonel De Gelmann, was found dead in bed Thursday morning, having been killed by a pistol bullet. Whether he was murdered or committed suicide, has not been determined. It is believed, however, that he took his own life, but the reason for his action has not been learned.

Killed Drunken Man.

Quitman, Miss., Dec. 28.—At Carmichael, this county, George Butler shot and killed Luke Barefield. Both are young married men, and it is said that Barefield was crazed by drink. Both are members of prominent white families, Barefield's father being treasurer of Choctaw county, Alabama. Butler gave himself up to the officers, but will not be prosecuted.

Neglected colonists when expires. Show that you are hurt and you give it the appearance of truth.—Tacitus.

TRAINS MISSING A MONTH.

Unprecedented Conditions Are Prevailing in Northwest.

Washington, Dec. 28.—Interstate Commerce Commissioner Lane, who has had direct charge of ameliorating conditions in the northwest, where [illegible] coal and car famines have prevailed, is in daily receipt of hundreds of letters from dealers and residents of North Dakota, Minnesota, Wyoming and Montana that tell of most interesting conditions.

Some of the writers say that in many instances freight trains have not passed railroad stations for a month or six weeks and that hundreds of thousands of dollars have been lost to the farmers and elevator men, particularly in North Dakota, owing to their inability to move their wheat and flax.

A letter, a sample of many, from Cheyenne, says that on Nov. 26 a car was billed from that point and that on the 17th instant the car was still on the side track and a freight train had not passed up or down the road for weeks.

Governor Gooding, of Idaho, to whom Commissioner Lane had written relative to condition in that state, says:

"The serious trouble, it seems to me, is the fact that among the transportation companies, the one important consideration in their management is the securing of dividends without regard to the service rendered to the people. The latter consideration is entirely lost sight of."

The governor of Idaho informs the commissioner that he will recommend the creation of a railroad commission in his next annual message to the legislature.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Flashed a Pistol at Family Reunion.

Atlanta, Dec. 28.—A threat and a partial attempt to kill everybody in his brother-in-law's family, were charged against John V. Bird, in the recorder's court Wednesday afternoon. He is a visitor to Atlanta from Commerce and according to the testimony of his mother-in-law, he cried out to his wife in the midst of the family reunion: "You must either go back to Commerce or you'll go to Oakland cemetery." Such a significant hint as this coupled with the fact, as testified by James Grimes, that Bird had to be thrown on the bed and his pistol wrenched from him, led the recorder to bind over the defendant under a bond of $1,000 on a charge of assault and attempt to murder and of pointing a pistol at another.

Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine OF KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

Three Children Cremated.

Weston, Iowa, Dec. 28.—Three children of Stanley Singleton, aged 13, 11 and 8 years, were cremated in a fire at Heater station, a village near this city. After the Singleton family had retired natural gas escaping from a defective valve, caused an explosion. The father and mother and two elder children occupied one room. The children were awakened by the cries of their parents, but they were enveloped in flames and escape was impossible. The fire quickly spread to adjoining dwellings and before the fire was under control, four houses and their entire contents were destroyed.

Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

A New York doctor cured a case of lockjaw by bleeding the patient. The case has attracted widespread attention, because nowadays the doctors are not supposed to bleed a patient, until after he is cured.

An anxious young man wants to know how he may know whether the parents of the young lady regard his attentions to her favorably. They evidently do, if he has not yet found out to the contrary.

Representative Campbell (Republican) of Kansas wants a commission to probe the tariff and the trusts. Might be a good idea. Only danger, the greater would absorb the lesser and the trusts swallow the commission.

When a man pursuing the daily peaceful avocations of life goes around with a revolver on his person, it is prima facie evidence that he is either a fool or a criminal, and in either case he ought to be looked up.

A woman in a breach of promise suit submits her photograph as proof that she is young and beautiful. That's no evidence. You can't look through a photograph and see the volcanic-shaped mole on the other cheek, and besides it may have been retouched.

The "young man" who edits The Gainesville Sun and represents Alachua county in the State Senate was forty-five years old on the 28th inst. We give this information for the benefit of some people who seem to think we are only as old as we look, and our only regret is that such is not the case.

It is reported that J. O. LaFontisee will assume the management of The Nassau County (Fernandina) Star. Mr. LaFontisee has no superior in the State as a journalist, and if any man can make a success of The Star he will do so. He served his apprenticeship in The Sun office, rising from galley boy to city editor, and since he left Gainesville he has gained much experience in broader fields until he is today one of the best posted men on political and commercial affairs in Florida.

FAREWELL, OLD YEAR.

The old year will soon have passed into history. We part with it as with an old friend. To some it has brought much joy—to others sorrow. Yet we are reluctant to say farewell. Like a palsied man it totters as it nears the end of life's journey and goes forward towards that vast vault wherein doth lie the forms of dead dynasties and sheeted centuries swept by the remorseless hand of time to that great graveyard at the entrance of which rises the imaginary tombstone upon which is inscribed these words: THE PAST. There is a sublime solemnity in the slowly moving, yet never varying, tide of years. Man has marked its course into hours, days, weeks, months, years and centuries, yet it rushes on, on, on, and still on, utterly unmindful of the puny marks raised to measure the tide that never tires. Dynasties have rose, flourished and decayed; cities have sprung from fertile plains and then sank beneath the deserts' drifting sands; continents have reared their lofty brows above the ocean's trackless waste, only to return to the coral caverns from whence they rose; races have risen to the noon of splendor and become lost in the depths of night, but time, patient, plodding, tireless time, sweeps on with the same regularity as when it first issued forth, from the hollow of God's hand, to the chant of the morning stars that proclaimed creation's dawn. And yet time is but the image of eternity, the shadow of a shoreless sea, the type of a duration for which all the ages past and all the aeons to come would not make or constitute the first faint flush of the first streak of the dawn of its second morning. "Eternity! thou pleasing, dreadful thought!" That never ending reign succeeding the crash of matter and the wreck of the worlds, suns and systems! Intelligence has achieved triumphs. It has read the stars of heaven and can foretell to a second when the great, fiery sun will be hidden in partial or total eclipse; it can read the history of the creation on the rocks of nature and unfold the secrets hidden by God in the bowels of the earth; but when it attempts to grasp the significance of eternity it stands abashed and dumbfounded at its inability to comprehend an infinite plan.

DON'T.

Don't ask the editor to publish a list of wedding gifts.

Don't add to the terrors of death by tacking several stanzas of doggerel to a death notice. Don't crowd the mourners.

Don't lug old clippings into a newspaper office and tell the editor that you have brought him "something to fill up with." Take him a cabbage; he can fill up with that.

Sitting in the end of a church pew, don't get up to admit others. Move along.

Don't kick a man when he is down unless you are sure that he will never get up again.

Don't put lard on a man's shoes when you see a man "going down hill." They are already greased for the occasion.

Don't pray with the hungry man until you have given him something to eat. Prayer without pork availeth not.

According to William E. Curtis, President Roosevelt's ambition is to occupy a seat in the United States Senate from the State of New York after the expiration of his presidential term, following a trip around the world. He is said to make no secret to his desires in this direction. Apropos this there is talk in Washington of making ex-Presidents members of the Senate as representatives of the country at large.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Tampa Tribune notes that "Atlanta is to have a 'booze' inspector whose duty it will be to visit each saloon in the city twice a day and 'sample' the liquid refreshments being offered for sale. There are already some 8,000 applicants for the place; for it promises one long, bright dream of glory to many Atlanta specialists in that line. It is thought, however, that a Kentucky immune will get the appointment," says The Pensacola Journal.

Parisians' Bread.

There is no city in the world where so much bread is consumed as in Paris. It is estimated that every inhabitant eats one pound a day on the average. Even in past centuries the French—especially Parisians—had a horror of stale bread. And, as in those days people manufactured their own bread, they had a curious way of making it palatable. Strange as it may seem, the bread they prepared—huge round or square slabs—was used as a dish on which the meat was carved and bore the name of "tranchoirs," or "tailloirs." The juice of the meat having penetrated into the bread imparted a pleasant taste and prevented it from becoming dry.

...ction 1—The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under the authority of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance of bonds of said city, as hereinafter provided, to be known as "Municipal Bonds of the City of Gainesville," to the amount of TEN THOUSAND ($10,000) DOLLARS. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denominations, viz: Five hundred dollars. Said bonds shall be dated the 1st day of February, A. D. 1907, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due on the following date, viz: On or before February 1st, 1917. Said bonds and the interest thereon shall be payable at the office of the City Treasurer of the City of Gainesville. The proceeds arising from the sale of said bonds, at not less than par value, and the purpose for which the issue of bonds proposed to be issued by this ordinance shall be used, is the following, viz: the money arising from the sale of said bonds, or so much thereof as may be necessary, shall be used to purchase and acquire the following described lot or parcel of land situated in said City of Gainesville, and more particularly described as follows, towit: All of Block 5, Range 8, according to the original survey of said city; provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 15th day of January, 1907, in accordance with this ordinance.

Sec. 2—The Mayor and City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3—Said bonds shall be printed or engraved with interest coupon attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, countersigned by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved or printed fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed they shall be turned over to the Board of Public Works, who shall be trustee for said bonds, and shall be by said Board offered for sale to the highest and best bidder for cash, on sealed bids, but said Board shall have and reserve the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sale of said bonds, as soon as received by said Board, shall be turned over to and deposited with the City Treasurer of said city. Said money shall be paid out by said Treasurer on the order of the City Council of said city, for the purpose for which said bonds are authorized by this ordinance to be issued.

Sec. 4—Said bonds shall be payable to bearer and shall be delivered by said Board of Public Works only after being countersigned by the Chairman and Secretary of said Board, whereupon said bonds shall become payable to the lawful bearer thereof. It shall be the duty of the Board of Public Works, as bond trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose and said Board shall keep an accurate account of all bonds and coupons outstanding and of all such as may be paid.

Sec. 5—It shall be the duty of the Board of Public Works on or before the first day of July, of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

The said special election shall be called, held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

HARGROVE KILLED AT EASTMAN

Was Shot By Burch, Quarrel Resulting from Previous Row.

Eastman, Ga., Dec. 28.—Harry Hargrove, a young man aged 22, was instantly killed on the streets of Eastman by John Groover Burch, a young man of the same age, a 38 caliber Smith & Wesson revolver being the weapon used.

Two shots were fired, one taking effect in Hargrove's right lung, the other passing through the heart.

The shooting was the result of a difficulty originating at the skating rink, Burch being refused admission by Hargrove, who was doorkeeper, and took place on the sidewalk of the most prominent business street in the city.

Hargrove is the son of P. S. Hargrove, former sheriff of Dodge county. Burch is the son of R. F. Burch, a prominent planter, near Eastman.

Self-Government for India.

Calcutta, Dec. 28.—At the opening of the Indian national congress today Dadabhl Naomondji, formerly a member of the British parliament, delivered an address insisting upon the rights of the Indians as British subjects to govern themselves. The speaker pointed out that the Boers, who the Indians helped to subjugate, had been given self-government, while India was still without it, and urged the raising of a large patriotic fund to educate the Indians as to their rights, and for the carrying on of the campaign in England. There were upward of ten thousand delegates present, and the speech was received with a tumult of applause.

Purchases Coal Properties.

Pittsburg, Pa., Dec. 28.—Announcement has been made that the Lackawana Steel company had purchased the J. W. Ellsworth Coal company properties at a price reported to be $7,000,000. The Ellsworth company owns and operates 26,000 acres of coal property in Washington county. The production of the property is estimated at 1,700,000 tons annually. Aside from the mines, the Ellsworth company operates 387 coke ovens, all of which, including mine equipment, is included in the Lackawanna deal.

YOUR OWN FACE.

Would You Recognize It If You Saw It on Another?

"How curious it is," said the philosopher, "that the person for whom you care most on earth, the one you see oftenest and who receives your most constant attention, is the one whose countenance is least familiar to you."

"Who is that?" asked the visitor.

"Yourself," said the philosopher. "It is a fact that if people could be duplicated and could meet themselves in the street very few would recognize themselves. We look ourselves many times during the 365 days of the year. We say our eyes are blue or brown or whatever other color they may be, our hair black, our chin peaked, our forehead high. We know every lineament of our face from constant study and attention, yet when we turn away from the mirror we cannot conjure up a picture of ourselves.

"We know just how our friends and even acquaintances look. In fancy we can see them sitting so or standing so, and their varying expressions under different circumstances are clear to us even though we may not have seen them for years, but when it comes to ourselves we cannot fill in even the outlines of the picture. We may laugh, we may cry, we may frown, but we do not know how we look while we are doing it. Photographs do not help us. We have never seen ourselves in the flesh. Mirrors and pictures are poor aids when we sit down and try to see ourselves with the mind's eye.

"That is why people are so deeply interested in anybody who is said to resemble them. Just say to a man, 'I know somebody who is the dead image of you,' and he will never rest till he sees that person. Then if the likeness is really true he will own that up to that time he had had no conception of how he really looked."

The visitor smiled wanly.

"I wish you wouldn't talk like that," she said. "It makes me feel positively uncanny."—New York Press.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucous and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Sarmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

The Poet and the Beauty.

One of the finest houses in southern England is Penhurst Place, the birthplace of Sir Philip Sidney. Under the trees of its park Edmund Waller paid his addresses to the haughty Lady Dorothea, whom he celebrated as Sacharissa. But the heart of Lady Dorothea Sidney—who was the most beautiful woman of her time—was untouched by Waller's amatory verses, and she rejected the poet in favor of the Earl of Sunderland. Many years afterward the countess met Waller and, reminding him sentimentally of the old days at Penhurst, asked him when he would again write verses about her. "When, madam," said the poet rudely, "you are as young and as handsome as you were then."

Properties of Chlorine.

Chlorine is a greenish yellow gas with a disagreeable smell. It is soluble in cold water, only slightly soluble in hot water. It destroys color in wet fabrics and is also a strong disinfectant. Both of these properties are said to be due to its power of decomposing hydrogen compounds, such as water, combining with the hydrogen and liberating oxygen, which in a nascent state oxidizes coloring matter, rendering it colorless. As a disinfectant it oxidizes the germs of disease and is in consequence largely used for this purpose.

That's It!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for coughs, influenza, bronchitis and all pulmonary diseases. One bottle will convince you—at your druggist's, 25c, 50c and $1.00. Sold by W. M. Johnson.

LAWS IN CHINA.

They Take No Account of the Intentions of the Accused.

The incompatibility of laws based on diverse civilizations is nowhere more marked than in China, says Hosea B. Morse in the Atlantic. There no bankruptcy law is possible. If a debtor's own estate will not suffice to pay his debts the deficiency must be made good by his father, brothers or uncles; if a debtor absconds his immediate family are promptly imprisoned; if the debtor returns he is put in prison and kept there indefinitely, so long as he can find money for his daily food until released by payment in full or by death. This is the law.

When in 1895 Admiral Ting found himself forced to surrender Weihaiwei and his fleet, he committed suicide. By this courageous step, technically dying before surrender, he saved his immediate family—father, mother, sons and daughters—from decapitation and their property from confiscation, the penalty when a commander surrenders an imperial fortress. This is the law.

When in the old days an English gunner caused the death of a Chinese by firing a salute from a cannon from which by oversight the ball had not been removed, he was seized, tried and executed. And in 1839, when in the course of a disturbance with English and American sailors at Canton a Chinese was killed, the authorities demanded that if the guilty person could not be detected and executed the whole party should be handed over for execution. This is the law.

Intention is never taken into account. A dollar for a dollar, an eye for an eye, a life for a life, and all for the emperor and his representatives—this is the law of China.

POINTED PARAGRAPHS

Don't bet on your popularity.

About the hardest thing in this world to handle is a jealous disposition.

When some people get into trouble they enlist a lot of people to help them out.

If you have to keep demanding your rights all the time you are asking for something not coming to you.

What a comfortable world this would be if people didn't take such delight in making trouble for each other!

A doctor has two classes of people to contend with—those who swear by him and those who swear at him.

How you resent it when any one interferes in that which you consider "your business!" And how often you interfere with the business of others!—Atchison Globe.

A Fateful Day For Catholics.

One of the most wonderful contrasts in history was made manifest on the day of Newman's entrance into the Roman Catholic church. On Oct. 8, 1845, Newman made his conversion to the Passionist Father Dominic at Littlemore. On the same day, Oct. 8, 1845, Ernest Renan left the seminary of St. Sulpice and went out of the church into the world.—London Standard.
